EC melamine

environmentally considerate

malt (F44)
 wheat (F47)
 bark (F48)

EC Melamine items represent a concentrated movement towards a more environmentally sensitive option. By perfectly blending eco-friendly plant based fiber from Thailand and durable melamine compound designed for strength, this bowl offers a durable yet natural, earthen look. Beautiful colors, globally considerate, FDA tested EC Melamine items are part of our earth wise delfingreen line.

**EC melamine is partially created with beautiful, natural and renewable raw materials so finished goods may vary slightly in color and appearance.*

delfingreen™

CHEVRON TRAYS

Already established as offering a more aesthetically appealing alternative to the utilitarian dull fiberglass items, we have added a new twist by creating a Chevron Merchandising Tray System. The Chevron System consists of four trays that can be combined for a multitude of different sets. The Chevron Merchandising Tray System creates a unique and modern merchandising solution.

HOW IT WORKS:

1 Choose a starting point on the back row of your case and assemble a single pod according to the desired height of that point. Simply combine a base and extensions to get the height you want. We suggest you go with the highest landscaping point first.

2 Continue assembling pods and configure the back row by "linking" them together making sure two of the pod points are as close to the back of the case as possible. Linking works the same on straight or curved glass merchandising cases.

3 Slide the next row beneath the back row creating as many cascading elevation changes as you desire. Let your creative vision come to life.

patent pending

Simply put, case-link™ by Delfin is the most versatile case foundation system ever created.

It flows and flexes, swerves and curves, cascades and contours to virtually every curved or straight glass merchandising case made.

No matter the height, depth, or radius of your merchandising case, the unique pod & stem system easily adjusts to your schematics while promoting your merchandising vision. By linking the system throughout your entire case or utilizing it only on those difficult to landscape curved sections, you can now create a multi-layered merchandising foundation to meet your specific needs.

However you choose to use case-link™ we are certain our patent pending design will form the foundation you need to effectively merchandise your curved glass case.
