

New Bulk Risers

three step

designed to work
separately or together

open back
with price code channel

two step

We've pushed the industry standard zig-zag style riser to a whole new design level with our 2-tier and 3-tier units. Durable one piece ABS construction means no joints breaking under increased weight situations. Unique proprietary reverse facing 1 1/4" triple price code channel helps employees keep things organized and items prices accurately.
