

**PRODUCT RELEASE**  
2009.R1 PATENT PENDING

**case-link™**  
*...contour your case*

*Delfin*

***Simply put, case-link™ by Delfin is the most versatile case foundation system ever created.***

It flows and flexes, swerves and curves, cascades and contours to virtually every curved or straight glass merchandising case made.

No matter the height, depth, or radius of your merchandising case, the unique pod & stem system easily adjusts to your schematics while promoting your merchandising vision. By linking the system throughout your entire case or utilizing it only on those difficult to landscape curved sections, you can now create a multi-layered merchandising foundation to meet your specific needs.

However you choose to use **case-link™**, we are certain our patent pending design will form the foundation you need to effectively merchandise your curved glass case.

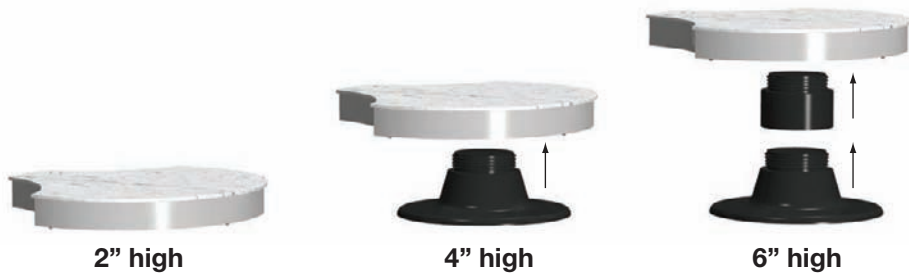

case-link™  
...contour your case

# HOW IT WORKS:

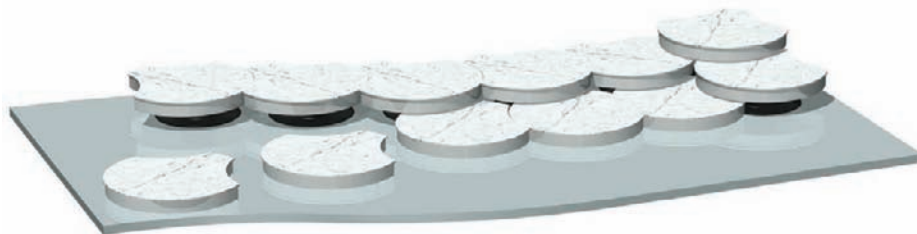

**1** Choose a starting point on the back row of your case and assemble a single pod according to the desired height of that point. Simply combine a base and extensions to get the height you want. We suggest you go with the highest landscaping point first.

**2** Continue assembling pods and configure the back row by "linking" them together making sure two of the pod points are as close to the back of the case as possible. Linking works the same on straight or curved glass merchandising cases.

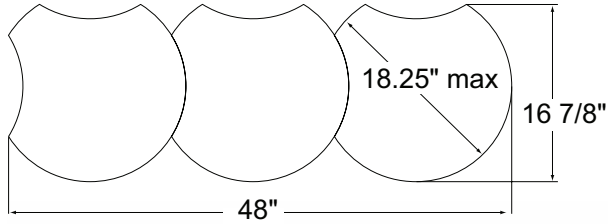

**3** Slide the next row beneath the back row creating as many cascading elevation changes as you desire. Let your creative vision come to life.

**4** Continue with as many or as few pods and rows as you desire. Finish by using Delfin Composite Melamine bowls for that perfect merchandising look.

**FOR USE WITH CURVED OR STRAIGHT GLASS MERCHANDISERS**

PATENT PENDING

**SYSTEM COMPONENTS**

**POD-18-M20**  
light carrara marble pod  
composite melamine  
non marking white feet

**POD-18-M10**  
dark carrara marble pod  
composite melamine  
non marking white feet

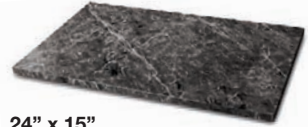

**SE-4-12**  
2" pod spacer  
polycarbonate

**PB-10-12**  
2" pod base  
polycarbonate  
non marking white feet

**OPTIONAL FLAT SHEETS**

24" x 15"

**FS-2415-M20**  
light carrara marble flat sheet  
composite melamine  
non marking white feet

**FS-2415-M10**  
dark carrara marble flat sheet  
composite melamine  
non marking white feet

24" x 30"

**FS-2430-M20**  
light carrara marble flat sheet  
composite melamine  
non marking white feet

**FS-2430-M10**  
dark carrara marble flat sheet  
composite melamine  
non marking white feet
